

RFP Template Version 5.0 Dated January 13, 2023

Dear RFP Procurement Officers,

This document contains an RFP template to aid in producing a complete solicitation. In producing a solicitation, all contributors should note following information:

1. Download the most recent template version on the State website before starting any new RFP draft: (<http://procurement.maryland.gov/procurement-staff/>).
2. Format is important. Auto-numbering and other formatting in the document is achieved through use of Word “Styles.” **Please do not manually number any requirements.** See more styles-related instructions on page 1 (or perform a find for Word Styles instructions). Note that ALL requirements are to be numbered (no “simple bullets” or plain paragraphs).
3. Data entry and tailoring instructions are flagged throughout the document using guillemets (<< and >>). Where the text between the guillemets is one word such as <<solicitationName>>, perform a Word find and replace so that every instance is replaced throughout the document. See the *Basic RFP Tailoring* table below for more guidance. Tip: Perform a find on guillemets to find any remaining tailoring not yet completed. A find on double brackets “[[“ and “]]” will locate all template instructions, which will help in ensuring all instructions have been addressed and deleted before publication.
4. **What’s in this version of the RFP?**
 - a. Added language to cover page about SBR designation amendment if no interest from small businesses is received.
 - b. Corrected language in Sections 2.1.7 and 2.1.9.
 - c. Updated Section 3.6.1 D Cyber Security / Data Breach Insurance.
 - d. Updated Section 3.7.2 Criminal Background Check to remove “Security Clearance”.
 - e. Updated the link to access the IT Security Policy in Section 3.7.4(b) 3).
 - f. Clarified language in Section 3.15.3 A. Source Code Escrow.
 - g. Updated the link to the GAD form for the EFT in Section 4.23.2;
 - h. Replaced Nonvisual Access (NVA) Language in Section 4.33.
 - i. Under Section 5.3 Volume I - Technical Proposal: Created new Section 5.3.2 F 7) and shifted other sections 8) – 14) down to add language for conformance to accessibility standards.
 - j. Under Section 6.2 Technical Proposal Evaluation Criteria: Added criteria for “Satisfaction of the Nonvisual Access requirements”. It is listed as Section 6.2.4 above Economic Benefits, but can be shifted up or removed from the list depending if NVA is required.
 - k. Updated the link for Attachment N – Contract Affidavit in Section 7 Table 1 and the page for Attachment N.
 - l. Under Attachment M – The Contract: Removed redundant language in Section 8.1 Confidential or Proprietary Information and Documentation.

Basic RFP Tailoring

Perform a find and replace on the following text to begin customizing this RFP. Be sure to select “Match Case” in the Word Find/Replace dialog box (Home tab, select Replace button, click More, check Match Case). Remove this *Basic RFP Tailoring* table prior to release.

Note: Don’t change the default fields for any information you do not yet know (Keep the appropriate line from this table until the substitution is made.).

GUIDELINES FOR SECTION 1: Minimum Qualifications for RFPs should be *MINIMAL!!* Unless the Offeror must have a specific licensing or certification to provide the goods or services, all other qualifications should be considered within the offeror’s experience and capabilities evaluation criteria. This section is considered a “Pass/Fail” review. You cannot weight years of experience under minimum qualifications. That means an offeror with three years is evaluated the same as an offeror with 20 years of experience. They either have it or they don’t. If you want to consider how many years an offeror has provided the goods or services as part of the evaluation, it doesn’t go here!]]

- A. “Technical Support” means Contractor-provided assistance for the services or Solution furnished under the Contract, after initial end-user support confirms a

technical issue that requires additional troubleshooting capabilities; sometimes referenced as Tier II – IV support.

- B. Technical Support shall be available during Normal State Business Hours. [[Adjust if other hours are required. Remember, Normal State Business Hours is a defined term (see Appendix 1).]]
- C. The State shall be able to contact a Technical Support team member 24 hours per day, 7 days per week, 365 days per year.
- D. Contractor Personnel providing technical support shall be familiar with the State’s account (i.e., calls shall not be sent to a general queue). [[Adjust as appropriate. Support that isn’t sent to a general queue may cost more.]]
- E. Contractor shall return calls for service of emergency system issues (see Section 2.6 Service Level Agreement) within one (1) hour.
- F. Calls for non-emergency IT service requests will be returned within three (3) hours or immediately the following day if after Normal State Business Hours. [[Adjust to match B.]]
- G. The State shall be provided with information on software problems encountered at other locations, along with the solution to those problems, when relevant to State software.

2.3.11.2 Backup

[[Decide how backups will be performed, and if you’re interested in having pricing from the Offeror for performing backups, include it as an option in your Financial Proposal Form that you might exercise. Insert information here regarding what the Contractor is expected to perform with regard to Backup/Disaster Recovery (DR).]]

SaaS contracts may or may not offer backup and DR as part of its service, or the agency may elect to perform backups.

Note that backup time periods need to be synchronized with data retention requirements associated with ending the Contract; see **Section 3.2**.

Example language (verify all the language in each sentence is applicable to your Contract):]]

The Contractor shall:

- A. Perform backups of the web, application, and database servers on a regular basis. This shall include daily incremental backups and full weekly backups of all volumes of servers;
- B. Retain daily backups for one (1) month and weekly backups shall be retained for two (2) years;
- C. Store daily backups off-site.

[[OR]]

- D. Provide backups of the configuration and data on a regular basis as a Contract option. Contractor shall describe backup services offered, and shall offer pricing for this option in the Financial Proposal Form (**Attachment B**);
- E. Meet the Recovery Time Objective (RTO) and Recovery Point Objective (RPO) metrics defined in **Section 2.6 Service Level Agreement**. [[Note: if you use this

as a requirement in the SLAs, be sure to define the terms RTP and RPO in the definitions and also define how they are measured.]]

[[ALTERNATIVE REQUIREMENTS for backups:]]

- F. Perform backups for all application and configuration data that is necessary to restore the application to full operability on suitable hardware. The backup shall consist of at least:
 - 1) Incremental daily backups, retained for one (1) month,
 - 2) Full weekly backups, retained for three (3) months, and
 - 3) Last weekly backup for each month maintained for two (2) years;
- G. Maintain one annual backup for at least <<10>> years;
- H. Send the weekly backup electronically to a facility designated by the State;
- I. Encrypt the backups using a shared key;
- J. Perform a backup recovery at least semi-annually; and
- K. Provide on demand support for the State's recovery of a backup set.

2.4 Deliverables

[[Adjust the standard language for your RFP. Generally speaking, a deliverable is something that has acceptance criteria (e.g., Timesheets are not deliverables). For SaaS and IaaS, deliverables would include anything produced during the Startup period and monthly reports.

Agencies must remain cognizant that acceptance of a deliverable in order to facilitate payment to a Contractor leaves the Agency with limited recourse if the deliverable is sub-par.]]

2.4.1 Deliverable Submission

[[Carefully read the boilerplate below for applicability to this RFP. If you specify that certain paperwork must be completed, then it can be an audit finding if the RFP is not run according to the defined expectations.]]

- A. For every deliverable, the Contractor shall request the Contract Monitor confirm receipt of that deliverable by sending an e-mail identifying the deliverable name and date of receipt.
- B. [[Revise this paragraph if you do not wish to use a Deliverable Product Acceptance Form. Check other paragraphs for applicability.]] For every deliverable, the Contractor shall submit to the Contract Monitor, by e-mail, an Agency Deliverable Product Acceptance Form (DPAF), an example of which is provided on the DoIT web page here:
http://doit.maryland.gov/contracts/Documents/_procurementForms/DeliverableProductAcceptanceForm-DPAFsample.pdf.
- C. Unless specified otherwise, written deliverables shall be compatible with Microsoft Office, Microsoft Project or Microsoft Visio within two (2) versions of the current version. At the Contract Monitor's discretion, the Contract Monitor may request one hard copy of a written deliverable.
- D. A standard deliverable review cycle will be elaborated and agreed-upon between the State and the Contractor. This review process is entered into when the Contractor completes a deliverable.

- E. For any written deliverable, the Contract Monitor may request a draft version of the deliverable, to comply with the minimum deliverable quality criteria listed in **Section 2.4.3 Minimum Deliverable Quality**. Drafts of each final deliverable, except status reports, are required at least two weeks in advance of when the final deliverables are due (with the exception of deliverables due at the beginning of the project where this lead time is not possible, or where draft delivery date is explicitly specified). Draft versions of a deliverable shall comply with the minimum deliverable quality criteria listed in **Section 2.4.3 Minimum Deliverable Quality**.

2.4.2 Deliverable Acceptance

- A. A final deliverable shall satisfy the scope and requirements of this RFP for that deliverable, including the quality and acceptance criteria for a final deliverable as defined in **Section 2.4.4 Deliverable Descriptions/Acceptance Criteria**.
- B. The Contract Monitor shall review a final deliverable to determine compliance with the acceptance criteria as defined for that deliverable. The Contract Monitor is responsible for coordinating comments and input from various team members and stakeholders. The Contract Monitor is responsible for providing clear guidance and direction to the Contractor in the event of divergent feedback from various team members.
- C. The Contract Monitor will issue to the Contractor a notice of acceptance or rejection of the deliverable in the DPAF (see online sample). Following the return of the DPAF indicating “Accepted” and signed by the Contract Monitor, the Contractor shall submit a proper invoice in accordance with the procedures in **Section 3.3**. The invoice must be accompanied by a copy of the executed DPAF or payment may be withheld.
- D. In the event of rejection, the Contract Monitor will formally communicate in writing any deliverable deficiencies or non-conformities to the Contractor, describing in those deficiencies what shall be corrected prior to acceptance of the deliverable in sufficient detail for the Contractor to address the deficiencies. The Contractor shall correct deficiencies and resubmit the corrected deliverable for acceptance within the agreed-upon time period for correction.

2.4.3 Minimum Deliverable Quality

The Contractor shall subject each deliverable to its internal quality-control process prior to submitting the deliverable to the State.

Each deliverable shall meet the following minimum acceptance criteria:

- A. Be presented in a format appropriate for the subject matter and depth of discussion.
- B. Be organized in a manner that presents a logical flow of the deliverable’s content.
- C. Represent factual information reasonably expected to have been known at the time of submittal.
- D. In each section of the deliverable, include only information relevant to that section of the deliverable.
- E. Contain content and presentation consistent with industry best practices in terms of deliverable completeness, clarity, and quality.

- F. Meets the acceptance criteria applicable to that deliverable, including any State policies, functional or non-functional requirements, or industry standards.
- G. Contains no structural errors such as poor grammar, misspellings or incorrect punctuation.
- H. Must contain the date, author, and page numbers. When applicable for a deliverable, a revision table must be included.
- I. A draft written deliverable may contain limited structural errors such as incorrect punctuation, and shall represent a significant level of completeness toward the associated final written deliverable. The draft written deliverable shall otherwise comply with minimum deliverable quality criteria above.

2.4.4 Deliverable Descriptions/Acceptance Criteria

In addition to the items identified in the table below, the Contractor may suggest other subtasks, artifacts, or deliverables to improve the quality and success of the assigned tasks.

[[Identify every deliverable expected from your Contractor. For staff augmentation RFPs, do not expect all deliverables to be listed in the deliverables table. There should be sufficient requirements to describe the job expectations, and include here typically status reports and maybe one or two other key deliverables.]]

Deliverables Summary Table*

ID #	Deliverable Description	Acceptance Criteria	Due Date / Frequency
	Integrated Project Schedule	Microsoft Project schedule demonstrating tasks, task estimates, resource assignments, and dependencies for both Agency and Contractor Personnel, with tasks no less than 8 hours and no greater than 80 hours.	Initial Delivery: NTP+ <<x>> Business Days Updates: Weekly [[Be clear if a due date is Business Days or calendar days.]]
			[[You can specify “as identified in the approved project schedule.”]]

*The deliverables summary table may not list every contractually-required deliverable. Offerors and Contractors should read the RFP thoroughly for all Contract requirements and deliverables.

2.5 Optional Features or Services, Future Work

[[Put in optional work that might occur in the future here; otherwise remove the section. Use this section to more clearly define scope but not have an “option” with associated pricing, or to actually describe an option that can be exercised by the State.]]

2.5.1 <<Potential Future Work>> (Fixed Price / T&M) [[Place any unconfirmed work here. If the work is a priced option, label it as OPTION. Otherwise, it should be considered a further description of potential scope, or

“potential future work” that qualifies the scope but isn’t something with enough information to ask for pricing.]]

2.6 Service Level Agreement (SLA)

[[If this section is inapplicable to this RFP, insert the following sentence:]]

THIS SECTION IS INAPPLICABLE TO THIS RFP.

2.6.1 Definitions

[[In order to use Problem and Problem resolution time, a help desk and help desk ticketing requirements must be defined in the RFP.]]

- A. A “Problem” is defined as any situation or issue reported via a help desk ticket that is related to the system operation that is not an enhancement request.
- B. “Problem resolution time” is defined as the period of time from when the help desk ticket is opened to when it is resolved.
- C. Monthly Charges: for purposes of SLA credit calculation, Monthly Charges are defined as the charges set forth in **Attachment B, Financial Proposal Form**, invoiced during the month of the breach for the monthly fixed services, or, in the event of annual billing, 1/12 of the annual invoice amount **Financial Proposal Form**.

2.6.2 SLA Requirements

The Contractor shall:

[[Adjust this list as appropriate.]]

- A. Be responsible for complying with all performance measurements, and shall also ensure compliance by all subcontractors.
- B. Meet the Problem response time and resolution requirements as defined in **Section 2.6.9**.
- C. Provide a monthly report to monitor and detail response times and resolution times.
- D. Log Problems into the <<Contractor-supplied>> help desk software and assign an initial severity (Emergency, High, Medium or Low as defined in **Section 2.6.9**).
- E. Respond to and update all Problems, including recording when a Problem is resolved and its resolution. Appropriate <<typeofAgency>> personnel shall be notified when a Problem is resolved.
- F. The <<typeofAgency>> shall make the final determination regarding Problem severity.
- G. Contractor shall review any Problem with <<typeofAgency>> to establish the remediation plan and relevant target dates.

2.6.3 SLA Effective Date (SLA Activation Date)

SLAs set forth herein shall be in effect beginning with the commencement of monthly services as of the completion of the <<[[Pick one: Transition-In Period OR implementation OR a definition developed for this solicitation.]]>>.

Beginning on the SLA Activation Date, for any performance measurement not met during the monthly reporting period, the SLA credit for that individual measurement shall be applied to the Monthly Charges.

2.6.4 Service Level Reporting

[[Measurements do not have to be by month, although the default language in this section is by month. Tailor the time period appropriate to contract needs, and verify all instances of “monthly” in this Section are appropriate.]]

- A. Contractor performance will be monitored by <<typeofAgency>>.
- B. The Contractor shall provide detailed monthly reports evidencing the attained level for each SLA.
- C. The Contractor shall provide a monthly summary report for SLA performance.
- D. Monthly reports shall be delivered <<via e-mail>> to the Contract Monitor by <<the 15th of the following month>>. Procurement Officers you can configure this to say that they must be delivered on a regular schedule in advance of the invoice
- E. If any of the performance measurements are not met during the monthly reporting period, the Contractor will be notified of the standard that is not in compliance.

2.6.5 SLA Service Credits

[[If the Offeror furnishes the performance measurements, update the language to indicate that the information is in the Contract and add a corresponding requirement in the Technical Proposal instructions (Section 5.3) to request the service level metrics, reports, and SLA credits.]]

Time is an essential element of the Contract. For work that is not completed within the time(s) specified in the service level metrics <<below OR in the Contract>>, the Contractor shall be liable for service credits in the amount(s) provided for in the Contract.

Service credits will be cumulative for each missed service requirement. The State, at its option for amount due the State as service credits, may deduct such from any money payable to the Contractor or may bill the Contractor as a separate item. In the event of a catastrophic failure affecting <<all services OR the entire Solution>>, all affected SLAs shall be credited to the State.

[[Include only if specifying service level metrics:]]<<In no event shall the aggregate of all SLA credits paid to the State in any calendar month exceed 25%>> of the Monthly Charges.

Example: If the Monthly Charges were \$100,000 and one SLA were missed, with an applicable 4% credit, the credit to the monthly invoice would be \$4,000, and the State would pay a net Monthly Charge of \$96,000.

The parties agree that any assessment of service credits shall be construed and treated by the parties not as imposing a penalty upon the Contractor, but as compensation to the State for the Contractor’s failure to satisfy its service level obligations.

2.6.6 Root Cause Analysis

[[Delete if inapplicable.]]

If the same SLA measurement yields an SLA credit more than once, the Contractor shall conduct a root cause analysis. Such root cause analysis shall be provided within 30 days of the second breach, and every breach thereafter.

In addition, for each ‘Emergency’ or ‘High’ priority Problem, the affected parties will perform a root cause analysis and institute a process of problem management to prevent recurrence of the issue.

2.6.7 Service Level Measurements Table (System performance)

[[OPTION 1 – Offeror identifies metrics. Use the table format so offers are more consistent.]]

Offeror shall complete the table below with its proposed service level metrics and SLA credits.

No.	Service Requirement	Measurement	Service Level Agreement	SLA Credit

[[Contact your oversight analyst for language if there is the potential for FUTURE Sensitive Data handling. If a Contractor SOC 2 Type 2 Report is not required for this Contract, enter only the following sentence for this section and delete the rest.]]

A SOC 2 Type 2 Report is not a Contractor requirement for this Contract.

[[Include the following SOC 2 Type 2 Report clause when the Contractor will collect, process, transmit, store, organize, maintain, or dispose of critical or sensitive information on behalf of the <<typeofAgency>> as part of its Contract responsibilities.]]

- 3.9.1** A SOC 2 Type 2 Audit applies to the Contract. The applicable trust services criteria are: << Security, Availability, Processing Integrity, Confidentiality, or Privacy – The <<typeofAgency>> to choose which of the five trust services criteria apply>>as defined in the Guidance document identified in Section 3.9.2.

[[Consult with your AAG, Chief Information Officer, or a director of internal audits to determine which trust criteria are applicable for your Contract.]]

- 3.9.2** In the event the Contractor provides services for identified critical functions, handles Sensitive Data, or hosts any related implemented system for the State under the Contract, the Contractor shall have an annual audit performed by an independent audit firm of the Contractor’s handling of Sensitive Data or the <<typeofAgency>>’s critical functions. Critical functions are identified as all aspects and functionality of the Solution including any add-on modules and shall address all areas relating to Information Technology security and operational processes. These services provided by the Contractor that shall be covered by the audit will collectively be referred to as the “Information Functions and Processes.” Such audits shall be performed in accordance with audit guidance: Reporting on an Examination of Controls at a Service Organization Relevant to Security, Availability, Processing Integrity, Confidentiality, or Privacy (SOC 2) as published by the American Institute of Certified Public Accountants (AICPA) and as updated from time to time, or according to the most current audit guidance promulgated by the AICPA or similarly-recognized professional organization, as agreed to by the <<typeofAgency>>, to assess the security of outsourced client functions or data (collectively, the “Guidance”) as follows:

- A. The type of audit to be performed in accordance with the Guidance is a SOC 2 Type 2 Audit (referred to as the “SOC 2 Audit” or “SOC 2 Report”). All SOC2 Audit Reports shall be submitted to the Contract Monitor as specified in Section F below. The initial SOC 2 Audit shall be completed within a timeframe to be specified by the State. The audit period covered by the initial SOC 2 Audit shall start with the Contract Effective Date unless otherwise agreed to in writing by the Contract Monitor. All subsequent SOC 2 Audits after this initial audit shall be performed at a minimum on an annual basis throughout the Term of the Contract,

and shall cover a 12-month audit period or such portion of the year that the Contractor furnished services.

- B. The SOC 2 Audit shall report on the suitability of the design and operating effectiveness of controls over the Information Functions and Processes to meet the requirements of the Contract, including the Security Requirements identified in **Section 3.7**, relevant to the trust services criteria identified in 3.9.1: as defined in the aforementioned Guidance.
- C. The audit scope of each year's SOC 2 Report may need to be adjusted (including the inclusion or omission of the relevant trust services criteria of Security, Availability, Processing Integrity, Confidentiality, and Privacy) to accommodate any changes to the environment since the last SOC 2 Report. Such changes may include but are not limited to the addition of Information Functions and Processes through modifications to the Contract or due to changes in Information Technology or the operational infrastructure. The Contractor shall ensure that the audit scope of each year's SOC 2 Report engagement shall accommodate these changes by including in the SOC 2 Report all appropriate controls related to the current environment supporting the Information Functions and/or Processes, including those controls required by the Contract.
- D. The scope of the SOC 2 Report shall include work performed by any subcontractors that provide essential support to the TO Contractor or essential support to the Information Functions and Processes provided to the <<typeofAgency>> under the Contract. The Contractor shall ensure the audit includes all such subcontractors operating in performance of the Contract.
- E. All SOC 2 Audits, including those of the Contractor, shall be performed at no additional expense to the <<typeofAgency>>.
- F. The Contractor shall provide to the Contract Monitor, within 30 calendar days of the issuance of each SOC 2 Report, a complete copy of the final SOC 2 Report(s) and a documented corrective action plan addressing each audit finding or exception contained in the SOC 2 Report. The corrective action plan shall identify in detail the remedial action to be taken by the Contractor along with the date(s) when each remedial action is to be implemented.
- G. If the Contractor currently has an annual, independent information security assessment performed that includes the operations, systems, and repositories of the Information Functions and Processes being provided to the <<typeofAgency>> under the Contract, and if that assessment generally conforms to the content and objective of the Guidance, the <<typeofAgency>> will determine in consultation with appropriate State government technology and audit authorities whether the Contractor's current information security assessments are acceptable in lieu of the SOC 2 Report(s).
- H. If the Contractor fails during the Contract term to obtain an annual SOC 2 Report by the date specified in **Section 3.9.2.A**, the <<typeofAgency>> shall have the right to retain an independent audit firm to perform an audit engagement of a SOC 2 Report of the Information Functions and Processes utilized or provided by the Contractor and under the Contract. The Contractor agrees to allow the independent audit firm to access its facility/ies for purposes of conducting this audit engagement(s), and will provide the necessary support and cooperation to the independent audit firm that is required to perform the audit engagement of the

SOC 2 Report. The <<typeofAgency>> will invoice the Contractor for the expense of the SOC 2 Report(s), or deduct the cost from future payments to the Contractor.

- I. Provisions in **Section 3.9.1-2** shall survive expiration or termination of the Contract. Additionally, the Contractor shall flow down the provisions of **Section 3.9.1-2** (or the substance thereof) in all subcontracts.

- 4.8.2 Offerors are advised that, upon request for this information from a third party, the Procurement Officer is required to make an independent determination whether the information must be disclosed.

4.9 Award Basis

A Contract shall be awarded to the responsible Offeror(s) submitting the Proposal that has been determined to be the most advantageous to the State, considering price and evaluation factors set forth in this RFP (see COMAR 21.05.03.03F), for providing the goods and services as specified in this RFP. See RFP **Section 6** for further award information.

[[If more than one award is authorized, including multiple service categories or functional areas, contact your oversight agency and your AAG for help identifying the appropriate changes throughout the RFP.]]

4.10 Oral Presentation

[[Oral Presentations are strongly recommended. If a live software demonstration will be part of the oral presentation, include this information in this section.]]

Offerors may be required to make oral presentations to State representatives. Oral presentations are considered part of the Technical Proposal. Any such written clarifications or changes then become part of the Offeror's Proposal. The Procurement Officer will notify Offerors of the time and place of oral presentations.

4.11 Duration of Proposal

[[While 120 days, as listed below, is the usual time period for Proposals to be irrevocable, for very complicated procurements this time period may be changed to 150 or even 180 days.]]

Proposals submitted in response to this RFP are irrevocable for the latest of the following: 120 days following the Proposal due date and time, best and final offers if requested (see **Section 6.5.2**), or the date any protest concerning this RFP is finally resolved. This period may be extended at the Procurement Officer's request only with the Offeror's written agreement.

4.12 Revisions to the RFP

- 4.12.1 If the RFP is revised before the due date for Proposals, the <<typeofAgency>> shall post any addenda to the RFP on eMMA and shall endeavor to provide such addenda to all prospective Offerors that were sent this RFP or are otherwise known by the Procurement Officer to have obtained this RFP. It remains the responsibility of all prospective Offerors to check eMMA for any addenda issued prior to the submission of Proposals.
- 4.12.2 Acknowledgment of the receipt of all addenda to this RFP issued before the Proposal due date shall be included in the Transmittal Letter accompanying the Offeror's Technical Proposal.
- 4.12.3 Addenda made after the due date for Proposals will be sent only to those Offerors that remain under award consideration as of the issuance date of the addenda.
- 4.12.4 Acknowledgement of the receipt of addenda to the RFP issued after the Proposal due date shall be in the manner specified in the addendum notice.
- 4.12.5 Failure to acknowledge receipt of an addendum does not relieve the Offeror from complying with the terms, additions, deletions, or corrections set forth in the addendum, and may cause the Proposal to be deemed not reasonably susceptible of being selected for award.

4.13 Cancellations

- 4.13.1** The State reserves the right to cancel this RFP, accept or reject any and all Proposals, in whole or in part, received in response to this RFP, waive or permit the cure of minor irregularities, and conduct discussions with all qualified or potentially qualified Offerors in any manner necessary to serve the best interests of the State.
- 4.13.2** The State reserves the right, in its sole discretion, to award a Contract based upon the written Proposals received without discussions or negotiations.
- 4.13.3** In the event a government entity proposes and receives the recommendation for award, the procurement may be cancelled and the award processed in accordance with COMAR 21.01.03.01.A(4).
- 4.13.4** If the services that are the subject of the RFP are currently being provided under an interagency agreement with a public institution of higher education and the State determines that the services can be provided more cost effectively by the public institution of higher education, then the RFP may be cancelled in accordance with Md. Code Ann., State Finance and Procurement Art., § 3-207(b)(2).

4.14 Incurred Expenses

The State will not be responsible for any costs incurred by any Offeror in preparing and submitting a Proposal, in making an oral presentation, providing a demonstration, or performing any other activities related to submitting a Proposal in response to this solicitation.

- 4.16.3** If the Offeror is the subsidiary of another entity, all information submitted by the Offeror, including but not limited to references, financial reports, or experience and documentation (e.g. insurance policies, bonds, letters of credit) used to meet minimum qualifications, if any, shall pertain exclusively to the Offeror, unless the parent organization will guarantee the performance of the subsidiary. If applicable, the Offeror's Proposal shall contain an explicit statement, signed by an authorized representative of the parent organization,

stating that the parent organization will guarantee the performance of the subsidiary.

- 4.16.4** A parental guarantee of the performance of the Offeror under this Section will not automatically result in crediting the Offeror with the experience or qualifications of the parent under any evaluation criteria pertaining to the actual Offeror's experience and qualifications. Instead, the Offeror will be evaluated on the extent to which the State determines that the experience and qualifications of the parent are applicable to and shared with the Offeror, any stated intent by the parent to be directly involved in the performance of the Contract, and the value of the parent's participation as determined by the State.

4.17 Acceptance of Terms and Conditions

By submitting a Proposal in response to this RFP, the Offeror, if selected for award, shall be deemed to have accepted the terms and conditions of this RFP and the Contract, attached hereto as **Attachment M**. A copy of this Affidavit is included for informational purposes as **Attachment N** of this RFP. This Affidavit must be provided within five (5) Business Days of notification of recommended award. For purposes of completing Section "B" of this Affidavit (Certification of Registration or Qualification with the State Department of Assessments and Taxation), a business entity that is organized outside of the State of Maryland is considered a "foreign" business.

4.20 Compliance with Laws/Arrearages

By submitting a Proposal in response to this RFP, the Offeror, if selected for award, agrees that it will comply with all federal, State, and local laws applicable to its activities and obligations under the Contract.

By submitting a response to this solicitation, each Offeror represents that it is not in arrears in the payment of any obligations due and owing the State, including the payment of taxes and employee benefits, and shall not become so in arrears during the term of the Contract if selected for Contract award.

4.21 Verification of Registration and Tax Payment

Before a business entity can do business in the State, it must be registered with the State Department of Assessments and Taxation (SDAT). SDAT is located at State Office Building, Room 803, 301 West Preston Street, Baltimore, Maryland 21201. For registration information, visit <https://www.egov.maryland.gov/businessexpress>.

It is strongly recommended that any potential Offeror complete registration prior to the Proposal due date and time. The Offeror's failure to complete registration with SDAT may disqualify an otherwise successful Offeror from final consideration and recommendation for Contract award.

4.22 False Statements

Offerors are advised that Md. Code Ann., State Finance and Procurement Article, § 11-205.1 provides as follows:

- 4.22.1** In connection with a procurement contract a person may not willfully:

The successful Offeror shall register using the COT/GAD X-10 Vendor Electronic Funds (EFT) Registration Request Form.
- 4.23.2** Any request for exemption must be submitted to the State Comptroller's Office for approval at the address specified on the COT/GAD X-10 form, must include the business identification information as stated on the form, and must include the reason for the exemption. The COT/GAD X-10 form may be downloaded from the Comptroller's website at:

4.26 MBE Participation Goal

[[If there is no MBE goal for this solicitation, enter only the following sentence for this section and delete the remainder of this section.]]

There is no MBE subcontractor participation goal for this procurement.

[[If there is a MBE goal for this solicitation, enter and complete the following language for this section.]]

4.26.1 Establishment of Goal and Subgoals

An overall MBE subcontractor participation goal as identified in the Key Information Summary Sheet has been established for this procurement, representing a percentage of the total Contract dollar value, including all renewal option terms, if any, has been established for this procurement.

Notwithstanding any subgoals established for this RFP, the Contractor is encouraged to use a diverse group of subcontractors and suppliers from any/all of the various MBE classifications to meet the remainder of the overall MBE participation goal.

By submitting a response to this solicitation, the Offeror acknowledges the overall MBE subcontractor participation goal and subgoals, and commits to achieving the overall goal and subgoals by utilizing certified minority business enterprises, or requests a full or partial waiver of the overall goal and subgoals.

An Offeror that does not commit to meeting the entire MBE participation goal outlined in this Section 4.26 implies that it is requesting a full or partial waiver for the remainder of the MBE goal or subgoals as applicable and, if recommended for award, shall submit documentation supporting its good faith efforts to meet the MBE goal made prior to submission of its proposal as outlined in Attachment D-1B, Waiver Guidance. Failure of an Offeror to properly complete, sign,

and submit Attachment D-1A at the time it submits its Technical Response(s) to the RFP may result in the State's rejection of the Offeror's Proposal.

4.26.2 Attachments.

- A. D-1 to D-5 – The following Minority Business Enterprise participation instructions, and forms are provided to assist Offerors:
1. Attachment D-1A MBE Utilization and Fair Solicitation Affidavit & MBE Participation Schedule (must be submitted with Proposal)

 2. The Offeror responds to the expected degree of MBE participation, as stated in the solicitation, by identifying the specific commitment of certified MBEs at the time of Proposal submission. The Offeror shall specify the percentage of total contract value associated with each MBE subcontractor identified on the MBE participation schedule, including any work performed by the MBE prime (including a prime participating as a joint venture) to be counted towards meeting the MBE participation goals.
 3. The Offeror requesting a waiver should review **Attachment D-1B** (Waiver Guidance) and **D-1C** (Good Faith Efforts Documentation to Support Waiver Request) prior to submitting its request.

[[If there is more than one Functional Area or Service Category within the RFP, include the following language. Edit the highlighted language to be specific to the number and type of Functional Areas (or Service Categories) in the RFP.]]

An Offeror must properly complete and submit a separate Attachment D-1A, MBE Utilization and Fair Solicitation Affidavit & MBE Participation Schedule, for EACH Functional Area (I and II) for which it is submitting a proposal. If an Offeror is submitting a proposal for each of

Functional Areas I and II, the Offeror must submit two separate Attachment D-1As, one for each of the two Functional Areas.

If the Offeror fails to submit a completed Attachment D-1A with the Proposal as required, the Procurement Officer shall determine that the Proposal is not reasonably susceptible of being selected for award, unless the inaccuracy is determined to be the result of a minor irregularity that is waived or cured in accordance with COMAR 21.06.02.04.

- 4.26.3** Offerors are responsible for verifying that each MBE (including any MBE prime and MBE prime participating in a joint venture) selected to meet the goal and any subgoals and subsequently identified in **Attachment D-1A** is appropriately certified and has the correct NAICS codes allowing it to perform the committed work.
- 4.26.4** Within ten (10) Business Days from notification that it is the recommended awardee or from the date of the actual award, whichever is earlier, the Offeror must provide the following documentation to the Procurement Officer.
- A. Outreach Efforts Compliance Statement (**Attachment D-2**);
 - B. MBE Subcontractor/Prime Project Participation Certification (**Attachment D-3A/3B**); and
 - C. Any other documentation required by the Procurement Officer to ascertain Offeror responsibility in connection with the certified MBE subcontractor participation goal or any applicable subgoals.
 - D. Further, if the recommended awardee believes a waiver (in whole or in part) of the overall MBE goal or of any applicable subgoal is necessary, the recommended awardee must submit a fully-documented waiver request that complies with COMAR 21.11.03.11.

If the recommended awardee fails to return each completed document within the required time, the Procurement Officer may determine that the recommended awardee is not responsible and, therefore, not eligible for Contract award. If the Contract has already been awarded, the award is voidable.

- 4.26.5** A current directory of certified MBEs is available through the Maryland State Department of Transportation (MDOT), Office of Minority Business Enterprise, 7201 Corporate Center Drive, Hanover, Maryland 21076. The most current and up-to-date information on MBEs is available via this website. **Only MDOT-certified MBEs may be used to meet the MBE subcontracting goals.**
- 4.26.6** The Offeror that requested or implied to request a waiver of the goal or any of the applicable subgoals will be responsible for submitting the Good Faith Efforts Documentation to Support Waiver Request (**Attachment D-1C**) and all documentation within ten (10) Business Days from notification that it is the recommended awardee or from the date of the actual award, whichever is earlier, as required in COMAR 21.11.03.11.

- 4.26.7** All documents, including the MBE Utilization and Fair Solicitation Affidavit & MBE Participation Schedule (**Attachment D-1A**), completed and submitted by the Offeror in connection with its certified MBE participation commitment shall be considered a part of the Contract and are hereby expressly incorporated into the Contract by reference thereto. All of the referenced documents will be considered a part of the Proposal for order of precedence purposes (see Contract – **Attachment M, Section 2.1**).
- 4.26.8** The Offeror is advised that liquidated damages will apply in the event the Contractor fails to comply in good faith with the requirements of the MBE program and pertinent Contract provisions. (See Contract – **Attachment M, Liquidated Damages for MBE, section 39**[[Verify this contract clause number, as it may vary based on other clauses in the contract]]).
- 4.26.9** As set forth in COMAR 21.11.03.12-1(D), when a certified MBE firm participates on a contract as a prime contractor (including a joint-venture where the MBE firm is a partner), a procurement agency may count the distinct, clearly defined portion of the work of the contract that the certified MBE firm performs with its own work force towards fulfilling up to fifty-percent (50%) of the MBE participation goal (overall) and up to one hundred percent (100%) of not more than one of the MBE participation subgoals, if any, established for the contract.

In order to receive credit for self-performance, an MBE prime must list its firm in Section 4A of the MBE Participation Schedule (**Attachment D-1A**) and include information regarding the work it will self-perform. For the remaining portion of the overall goal and the subgoals, the MBE prime must also identify other certified MBE subcontractors [see Section 4B of the MBE Participation Schedule (**Attachment D-1A**)] used to meet those goals. If dually-certified, the MBE prime can be designated as only one of the MBE subgoal classifications but can self-perform up to 100% of the stated subgoal.

As set forth in COMAR 21.11.03.12-1, once the Contract work begins, the work performed by a certified MBE firm, including an MBE prime, can only be counted towards the MBE participation goal(s) if the MBE firm is performing a commercially useful function on the Contract. Refer to MBE forms (**Attachment D**) for additional information.

- D. In order to receive credit for self-performance, a VSBE Prime must list its firm in the VSBE Prime/Subcontractor Participation Schedule (**Attachment E-1**) and include information regarding the work it will self-perform. For any remaining portion of the VSBE goal that is not to be performed by the VSBE Prime, the VSBE Prime must also identify verified VSBE subcontractors used to meet the remainder of the goal.

If the apparent awardee fails to return each completed document within the required time, the Procurement Officer may determine that the apparent awardee is not reasonably susceptible of being selected for award.

4.28 Living Wage Requirements

[[This section does not apply for product purchases or service contracts under \$100,000. If the solicitation is for product only, use the statement below and delete the sub-paragraphs following. If the value of services is expected to be close to \$100,000 include the section.]]

There is no Living Wage requirement for this procurement.

[[Otherwise delete the above statement and retain the subparagraphs below.]]

- A. Maryland law requires that contractors meeting certain conditions pay a living wage to covered employees on State service contracts over \$100,000. Maryland Code Ann., State Finance and Procurement Article, § 18-101 et al. The Commissioner of Labor and Industry at the Maryland Department of Labor requires that a contractor subject to the Living Wage law submit payroll records for covered employees and a signed statement indicating that it paid a living wage to covered employees; or receive a waiver from Living Wage reporting requirements. See COMAR 21.11.10.05.
- B. If subject to the Living Wage law, Contractor agrees that it will abide by all Living Wage law requirements, including but not limited to reporting requirements in COMAR 21.11.10.05. Contractor understands that failure of Contractor to provide such documents is a material breach of the terms and conditions and may result in Contract termination, disqualification by the State from participating in State contracts, and other sanctions. Information pertaining to reporting obligations may be found by going to the Maryland Department of Labor website <http://www.dllr.state.md.us/labor/prev/livingwage.shtml>.

- C. Additional information regarding the State's living wage requirement is contained in **Attachment F**. Offerors must complete and submit the Maryland Living Wage Requirements Affidavit of Agreement (**Attachment F-1**) with their Proposals. If the Offeror fails to complete and submit the required documentation, the State may determine the Offeror to not be responsible under State law.
- D. Contractors and subcontractors subject to the Living Wage Law shall pay each covered employee at least the minimum amount set by law for the applicable Tier area. The specific living wage rate is determined by whether a majority of services take place in a Tier 1 Area or a Tier 2 Area of the State. The specific Living Wage rate is determined by whether a majority of services take place in a Tier 1 Area or Tier 2 Area of the State.
- 1) The Tier 1 Area includes Montgomery, Prince George's, Howard, Anne Arundel and Baltimore Counties, and Baltimore City. The Tier 2 Area includes any county in the State not included in the Tier 1 Area. In the event that the employees who perform the services are not located in the State, the head of the unit responsible for a State Contract pursuant to §18-102(d) of the State Finance and Procurement Article shall assign the tier based upon where the recipients of the services are located. If the Contractor provides more than 50% of the services from an out-of-State location, the State agency determines the wage tier based on where the majority of the service recipients are located. In this circumstance, the Contract will be determined to be a Tier (enter "1" or "2," depending on where the majority of the service recipients are located) Contract.
 - 2) The Contract will be determined to be a Tier 1 Contract or a Tier 2 Contract depending on the location(s) from which the Contractor provides 50% or more of the services. The Offeror must identify in its Proposal the location(s) from which services will be provided, including the location(s) from which 50% or more of the Contract services will be provided.
 - 3) If the Contractor provides 50% or more of the services from a location(s) in a Tier 1 jurisdiction(s) the Contract will be a Tier 1 Contract.
 - 4) If the Contractor provides 50% or more of the services from a location(s) in a Tier 2 jurisdiction(s), the Contract will be a Tier 2 Contract.
- E. If the Contractor provides more than 50% of the services from an out-of-State location, the State agency determines the wage tier based on where the majority of the service recipients are located. See COMAR 21.11.10.07.
- F. The Offeror shall identify in the Proposal the location from which services will be provided.
- G. **NOTE:** Whereas the Living Wage may change annually, the Contract price will not change because of a Living Wage change or a change in the State minimum wage.

The Offeror shall complete the Financial Proposal Form only as provided in the Financial Proposal Instructions and the Financial Proposal Form itself. Do not amend, alter, or leave blank any items on the Financial Proposal Form or include additional clarifying or contingent language on or attached to the Financial Proposal Form. Failure to adhere to any of these instructions may result in the Proposal being determined to be not reasonably susceptible of being selected for award and rejected by the <<typeofAgency>>.

6 Evaluation and Selection Process

6.1 Evaluation Committee

Evaluation of Proposals will be performed in accordance with COMAR 21.05.03 by a committee established for that purpose and based on the evaluation criteria set forth below. The Evaluation Committee will review Proposals, participate in Offeror oral presentations and discussions, and provide input to the Procurement Officer. The <<typeofAgency>> reserves the right to utilize the services of individuals outside of the established Evaluation Committee for advice and assistance, as deemed appropriate.

During the evaluation process, the Procurement Officer may determine at any time that a particular Offeror is not susceptible for award.

6.2 Technical Proposal Evaluation Criteria

The criteria to be used to evaluate each Technical Proposal are listed below in descending order of importance. Unless stated otherwise, any sub-criteria within each criterion have equal weight.

[[The Technical Criteria listed below are generic samples. You are free to revise these and include additional, more specific Evaluation Criteria, but if you choose to do so, make sure you reference particular RFP sections, as in the samples below.]]

6.2.1 Offeror's Technical Response to Requirements and Work Plan (See RFP § 5.3.2.F)

The State prefers the Offeror's Technical Proposal to illustrate a comprehensive understanding of work requirements and mastery of the subject matter, including an explanation of how the work will be performed. Proposals which include limited responses to work requirements such as "concur" or "will comply" will receive a lower ranking than those Proposals that address and demonstrate an understanding of the work requirements and include plans to meet or exceed them.

6.2.2 Experience and Qualifications of Proposed Staff (See RFP § 5.3.2.G)

6.2.3 Offeror Qualifications and Capabilities, including proposed subcontractors (See RFP § 5.3.2.H)

6.2.4 Satisfaction of the Nonvisual Access requirements (See RFP § 4.33) [[Add this as a criteria for solicitations requiring the Nonvisual Access clause]]

6.2.5 Economic Benefit to State of Maryland (See RFP § 5.3.2.O) [[Delete if removed from 5.3.2. Double check the cross reference.]]

[[Add additional evaluation criteria, if appropriate.]]

6.3 Financial Proposal Evaluation Criteria

All Qualified Offerors (see **Section 6.5.2.D**) will be ranked from the lowest (most advantageous) to the highest (least advantageous) price based on the Total Proposal Price within the stated guidelines set forth in this RFP and as submitted on **Attachment B** - Financial Proposal Form.

[[For procurements that will produce revenue for the State, the wording of this section should be as follows:]]

All Qualified Offerors will be ranked from the highest (most advantageous) to the lowest (least advantageous) revenue to the State based on the Total Proposal Price within the stated guidelines set forth in this RFP and as submitted on **Attachment B** - Financial Proposal Form.

6.4 Reciprocal Preference

- 6.4.1** Although Maryland law does not authorize procuring agencies to favor resident Offerors in awarding procurement contracts, many other states do grant their resident businesses preferences over Maryland contractors. COMAR 21.05.01.04 permits procuring agencies to apply a reciprocal preference under the following conditions:
- A. The Maryland resident business is a responsible Offeror;
 - B. The most advantageous Proposal is from a responsible Offeror whose principal office, or principal base of operations is in another state;
 - C. The other state gives a preference to its resident businesses through law, policy, or practice; and
 - D. The preference does not conflict with a federal law or grant affecting the procurement Contract.
- 6.4.2** The preference given shall be identical to the preference that the other state, through law, policy, or practice gives to its resident businesses.

6.5 Selection Procedures

6.5.1 General

- A. The Contract will be awarded in accordance with the Competitive Sealed Proposals (CSP) method found at COMAR 21.05.03. The CSP method allows for the conducting of discussions and the revision of Proposals during these discussions. Therefore, the State may conduct discussions with all Offerors that have submitted Proposals that are determined to be reasonably susceptible of being selected for contract award or potentially so. However, the State reserves the right to make an award without holding discussions.
- B. With or without discussions, the State may determine the Offeror to be not responsible or the Offeror's Proposal to be not reasonably susceptible of being selected for award at any time after the initial closing date for receipt of Proposals and prior to Contract award.

6.5.2 Selection Process Sequence

- A. A determination is made that the MDOT Certified MBE Utilization and Fair Solicitation Affidavit (**Attachment D-1A**) is included and is properly completed, if there is a MBE goal. In addition, a determination is made that the VSBE Utilization Affidavit and subcontractor Participation Schedule (**Attachment E-1**) is included and is properly completed, if there is a VSBE goal.
- B. Technical Proposals are evaluated for technical merit and ranked. During this review, oral presentations and discussions may be held. The purpose of such discussions will be to assure a full understanding of the State's requirements and the Offeror's ability to perform the services, as well as to facilitate arrival at a Contract that is most advantageous to the State. Offerors will be contacted by the State as soon as any discussions are scheduled.
- C. Offerors must confirm in writing any substantive oral clarifications of, or changes in, their Technical Proposals made in the course of discussions. Any such written

clarifications or changes then become part of the Offeror's Technical Proposal. Technical Proposals are given a final review and ranked.

- D. The Financial Proposal of each Qualified Offeror (a responsible Offeror determined to have submitted an acceptable Proposal) will be evaluated and ranked separately from the Technical evaluation. After a review of the Financial Proposals of Qualified Offerors, the Evaluation Committee or Procurement Officer may again conduct discussions to further evaluate the Offeror's entire Proposal.
- E. When in the best interest of the State, the Procurement Officer may permit Qualified Offerors to revise their initial Proposals and submit, in writing, Best and Final Offers (BAFOs). The State may make an award without issuing a request for a BAFO. **Offerors may only perform limited substitutions of proposed personnel as allowed in Section 3.11 (Substitution of Personnel).** [[Remove this statement if no proposed personnel requested.]]

6.5.3 Award Determination

Upon completion of the Technical Proposal and Financial Proposal evaluations and rankings, each Offeror will receive an overall ranking. The Procurement Officer will recommend award of the Contract to the responsible Offeror that submitted the Proposal determined to be the most advantageous to the State. In making this most advantageous Proposal determination, technical factors will receive <<Pick one equal weight with/greater weight>> than financial factors.

6.6 Documents Required upon Notice of Recommendation for Contract Award

Upon receipt of a Notification of Recommendation for Contract award, the apparent awardee shall complete and furnish the documents and attestations as directed in Table 1 of **Section 7 – RFP Attachments and Appendices**.

Attachment B. Financial Proposal Instructions & Form**B-1 Financial Proposal Instructions**

In order to assist Offerors in the preparation of their Financial Proposal and to comply with the requirements of this solicitation, Financial Proposal Instructions and a Financial Proposal Form have been prepared. Offerors shall submit their Financial Proposal on the Financial Proposal Form in accordance with the instructions on the Financial Proposal Form and as specified herein. Do not alter the Financial Proposal Form or the Proposal may be determined to be not reasonably susceptible of being selected for award. The Financial Proposal Form is to be signed and dated, where requested, by an individual who is authorized to bind the Offeror to the prices entered on the Financial Proposal Form.

The Financial Proposal Form is used to calculate the Offeror's TOTAL Proposal PRICE. Follow these instructions carefully when completing your Financial Proposal Form:

- A) All Unit and Extended Prices must be clearly entered in dollars and cents, e.g., \$24.15. Make your decimal points clear and distinct.
- B) All Unit Prices must be the actual price per unit the State will pay for the specific item or service identified in this RFP and may not be contingent on any other factor or condition in any manner.
- C) All calculations shall be rounded to the nearest cent, e.g., .344 shall be .34 and .345 shall be .35.
- D) Any goods or services required through this RFP and proposed by the vendor at **No Cost to the State** must be clearly entered in the Unit Price, if appropriate, and Extended Price with **\$0.00**.
- E) Every blank in every Financial Proposal Form shall be filled in. Any changes or corrections made to the Financial Proposal Form by the Offeror prior to submission shall be initialed and dated.
- F) Except as instructed on the Financial Proposal Form, nothing shall be entered on or attached to the Financial Proposal Form that alters or proposes conditions or contingencies on the prices. Alterations and/or conditions may render the Proposal not reasonably susceptible of being selected for award.
- G) It is imperative that the prices included on the Financial Proposal Form have been entered correctly and calculated accurately by the Offeror and that the respective total prices agree with the entries on the Financial Proposal Form. Any incorrect entries or inaccurate calculations by the Offeror will be treated as provided in COMAR 21.05.03.03.F, and may cause the Proposal to be rejected.
- H) If option years are included, Offerors must submit pricing for each option year. Any option to renew will be exercised at the sole discretion of the State and comply with all terms and conditions in force at the time the option is exercised. If exercised, the option period shall be for a period identified in the RFP at the prices entered in the Financial Proposal Form.
- I) All Financial Proposal prices entered below are to be fully loaded prices that include all costs/expenses associated with the provision of services as required by the RFP. The Financial Proposal price shall include, but is not limited to, all: labor, profit/overhead, general operating, administrative, and all other expenses and costs necessary to perform the work set forth in the solicitation. No other amounts will be paid to the Contractor. If labor rates are requested, those amounts shall be fully-loaded rates; no overtime amounts will be paid.
- J) Unless indicated elsewhere in the RFP, sample amounts used for calculations on the Financial Proposal Form are typically estimates for evaluation purposes only. Unless stated otherwise in the RFP, the <<typeofAgency>> does not guarantee a minimum or maximum number of units or usage in the performance of the Contract.
- K) Failure to adhere to any of these instructions may result in the Proposal being determined not reasonably susceptible of being selected for award.

[[Add additional instructions as needed to assist Offerors in the completion of the Financial Proposal Form. Also, verify the instructions above are appropriate for the type of prices being solicited. If inappropriate, delete any conflicting instructions.]]

B-1 Financial Proposal Form

The Financial Proposal Form shall contain all price information in the format specified on these pages. Complete the Financial Proposal Form only as provided in the Financial Proposal Instructions. Do not amend, alter or leave blank any items on the Financial Proposal Form. If option years are included, Offerors must submit pricing for each option year. Failure to adhere to any of these instructions may result in the Proposal being determined not reasonably susceptible of being selected for award.

[[The Financial Proposal Form should be included as a separate Excel document with formulas that automatically calculate the Offeror's Total Proposal Price. All cells except those in which the Offeror enters its line item prices and its signatory information must be locked. A generic sample is provided below. Use the footer below on the Excel document for signatures. Reference that Financial Proposal Form document here.]]

Code Ann., Labor and Employment Article, §3-413.
- I. Under Md. Code Ann., State Finance and Procurement Article, Title 18, if the Commissioner determines that the Contractor/subcontractor violated a provision of this title or regulations of the Commissioner, the Contractor/subcontractor shall pay restitution to each affected employee, and the State may assess liquidated damages of \$20 per day for each employee paid less than the Living Wage.

If the General Assembly fails to appropriate funds or if funds are not otherwise made available for continued performance for any fiscal period of this Contract succeeding the first fiscal period, this Contract shall be canceled automatically as of the beginning of the fiscal year for which funds were not appropriated or otherwise made available; provided, however, that this will not affect either the State's or the Contractor's rights under any termination clause in this Contract. The effect of termination of the Contract hereunder will be to discharge both the Contractor and the State from future performance of the Contract, but not from their rights and obligations existing at the time of termination. The Contractor shall be reimbursed for the reasonable value of any nonrecurring costs incurred but not amortized in the price of the Contract. - 30.1 As a condition of entering into this Contract, Contractor represents and warrants that it will comply with the State's Commercial Nondiscrimination Policy, as described under Title 19 of the State Finance and Procurement Article of the Annotated Code of Maryland. As part of such compliance, Contractor may not discriminate on the basis of race, color, religion, ancestry, national origin, sex, age, marital status, sexual orientation, sexual identity, genetic information or an individual's refusal to submit to a genetic test or make available the results of a genetic test or on the basis of disability, or otherwise unlawful forms of discrimination in the solicitation, selection, hiring, or commercial treatment of subcontractors, vendors, suppliers, or commercial customers, nor shall Contractor retaliate against any person for reporting instances of such discrimination. Contractor shall provide equal opportunity for subcontractors, vendors, and suppliers to participate in all of its public sector and private sector subcontracting and supply opportunities, provided that this clause does not prohibit or limit lawful efforts to remedy the effects of marketplace discrimination that have occurred or are occurring in the marketplace. Contractor understands that a material violation of this clause shall be considered a material breach of this Contract and may result in termination of this Contract, disqualification of Contractor from participating in State contracts, or other sanctions. This clause is not enforceable by or for the benefit of, and creates no obligation to, any third party.
- 30.3 As a condition of entering into this Contract, upon the request of the Commission on Civil Rights, and only after the filing of a complaint against Contractor under Title 19 of the State Finance and Procurement Article of the Annotated Code of Maryland, as amended from time to time, Contractor agrees to provide within 60 days after the request a complete list of the names of all subcontractors, vendors, and suppliers that Contractor has used in the past four (4) years on any of its contracts that were undertaken within the State of Maryland, including the total dollar amount paid by Contractor on each subcontract or supply contract. - i. Terminate the Contract;
 - ii. Refer the matter to the Office of the Attorney General for appropriate action; or
 - iii. Initiate any other specific remedy identified by the Contract, including the contractual remedies required by any applicable laws, regulations, and directives regarding the payment of undisputed amounts.
- (d) Upon completion of the Contract, but before final payment or release of retainage or both, the Contractor shall submit a final report, in affidavit form under the penalty of perjury, of all payments made to, or withheld from, MBE subcontractors.

<<39.>>1 The Contract requires the Contractor to comply in good faith with the MBE Program and Contract provisions. The State and the Contractor acknowledge and agree that the State will incur damages, including but not limited to loss of goodwill, detrimental impact on economic development, and diversion of internal staff resources, if the Contractor does not comply in good faith with the requirements of the MBE Program and MBE Contract provisions. The parties further acknowledge and agree that the damages the State might reasonably be anticipated to accrue as a result of such lack of compliance are difficult to ascertain with precision.

<<39.>>2 Therefore, upon issuance of a written determination by the State that the Contractor failed to comply in good faith with one or more of the specified MBE Program requirements or MBE Contract provisions, the Contractor shall pay liquidated damages to the State at the rates set forth below. The Contractor expressly agrees that the State may withhold payment on any invoices as a set-off against liquidated damages owed. The Contractor further agrees that for each specified violation, the agreed upon liquidated damages are reasonably proximate to the loss the State is anticipated to incur as a result of such violation.

- (b) Failure to include in its agreements with MBE subcontractors a provision requiring submission of payment reports in full compliance with COMAR 21.11.03.13B (4): \$<<insert value>> per MBE subcontractor.
- (c) Failure to comply with COMAR 21.11.03.12 in terminating, canceling, or changing the scope of work/value of a contract with an MBE subcontractor and amendment of the MBE participation schedule: the difference between the dollar value of the MBE participation commitment on the MBE participation schedule for that specific MBE firm and the dollar value of the work performed by that MBE firm for the Contract.
- (d) Failure to meet the Contractor’s total MBE participation goal and sub goal commitments: the difference between the dollar value of the total MBE participation commitment on the MBE participation schedule and the MBE participation actually achieved.
- (e) Failure to promptly pay all undisputed amounts to an MBE subcontractor in full compliance with the prompt payment provisions of the Contract: \$<<insert appropriate rate following calculation instructions from GOSBA>> per day until the undisputed amount due to the MBE subcontractor is paid. [[Remove this sub-clause

if this Contract is subject to section 15-226 of the State Finance and Procurement Article – Construction Contracts – Prompt Payment of subcontractors.]]
