

**Performance Goals for Maryland's Workforce System – Program Years 2018 & 2019**

- TO:** Local Workforce Development Area directors;  
Local Workforce Development Board Chairs;  
DLLR Division of Workforce Development and Adult Learning (DWDAL) staff;  
Local Administrators of WIOA Title II Adult Education provider programs;  
DORS Regional Directors and Supervisors staff;  
Department of Human Services staff;  
Departments of Social Services staff
- FROM:** Maryland Department of Labor, Licensing and Regulation (DLLR);  
Maryland State Department of Education, Division of Rehabilitation Services (DORS);  
Maryland Department of Human Services (DHS)  
Governor's Workforce Development Board (GWDB)
- SUBJECT:** Performance Goals for Maryland's Workforce System – Program Years 2018 & 2019:  
WIOA Title 1 (Adult, Dislocated Worker, and Youth), WIOA Title II Adult Education,  
WIOA Title III Wagner-Peyser Act, WIOA Title IV Vocational Rehabilitation Activities,  
Temporary Assistance for Needy Families, Trade Adjustment Assistance Act, and Jobs for  
Veterans State Grant Program
- PURPOSE:** To provide guidance on the federal performance measures and goals for the key programs  
the State administers as part of the Maryland WIOA (Workforce Innovation and  
Opportunity Act) system.
- ACTION:** The following entities will ensure all employees are aware of and receive copies of this  
policy: Local Workforce Development Area directors; American Job Center Labor  
Exchange Administrators; DWDAL central office managers; Local administrators of  
WIOA Title II Adult Education provider programs; DORS Director of Administration and  
Finance, Director of Field Services, and Regional Directors; Local Departments of Social  
Services Directors; Child Support Enforcement Administration; Family Investment  
Administration; Social Services Administration. WIOA policies are available [on the DLLR  
website](#).
- EXPIRATION:** June 30, 2020
-

**QUESTIONS:** Contacts for each State agency are as follows:

# GENERAL INFORMATION

## WORKFORCE INNOVATION AND OPPORTUNITY ACT (WIOA)

The Workforce Innovation and Opportunity Act (WIOA) was signed into law on July 22, 2014, and went into effect July 1, 2015. WIOA supersedes the Workforce Investment Act of 1998 (WIA) and amends the Adult Education and Family Literacy Act, the Wagner Peyser Act, and the Rehabilitation Act of 1973. To help both businesses and job seekers meet their needs, the workforce system established under WIOA is integrated by design. WIOA envisions connecting business with job seekers, through meaningful partnership among workforce, education, human services, and economic development entities which ensure optimum results and leveraging of resources. The law addresses the needs of job seekers through establishing a workforce system that helps them access employment, education, training and support services to succeed in the labor market. Through American Job Centers (AJC), WIOA works to address employer needs by matching them to the skilled workers they need to compete in the global economy.

The following chart identifies each of Maryland’s WIOA programs. As described in Maryland’s WIOA Combined State Plan, Governor Hogan has directed the Department of Labor, Licensing and Regulation (DLLR), the Department of Human Services (DHS), the Maryland State Department of Education Division of Rehabilitation Services (DORS), and the Maryland Department of Housing and Community Development (DHCD), in coordination with the Governor’s Workforce Development Board (GWDB), to play leadership roles in the implementation of the Workforce Innovation and Opportunity Act. The programs identified below will work collaboratively to ensure that Maryland effectively leverages its existing resources to deliver outstanding customer service to workers and businesses that are vital to Maryland’s economic growth and prosperity.

<b>WIOA State Plan Program</b>	<b>Core WIOA Program <i>as determined by law</i></b>	<b>Additional WIOA Program <i>as determined by the Governor</i></b>	<b>MD State Agency Responsible for Oversight</b>

## THE BENCHMARKS OF SUCCESS FOR MARYLAND'S WORKFORCE SYSTEM

The *Benchmarks of Success for Maryland's Workforce System* (*Benchmarks of Success*) is a foundational tool that is under development to build system effectiveness, support transparency about progress, and help State and local WIOA partners align resources and strategies with the vision and mission articulated in the [State Workforce Plan](#).

The State's workforce system partners are committed to implementing the *Benchmarks of Success*, which focus on a shared vision of excellence and five strategic goals.

With the *Benchmarks of Success*, Maryland's vision is to increase the earning capacity of Marylanders by focusing on five main goals:

- Maximize access to employment;
- Maximize access to/use of skills and credentialing;
- Maximize access to/use of life management skills;
- Eliminate barriers to employment; and,
- Strengthen and enhance the effectiveness and efficiency of Maryland's workforce system.

Each goal has a series of benchmarks that the State will ultimately track to gauge progress and to better understand the system's success in working towards this shared vision and five shared goals. Maryland's workforce system will use the *Benchmarks of Success* as a framework, guiding the shared goals and activities of the WIOA system. The *Benchmarks of Success* will allow partners to think systematically about how workforce services are delivered, whether services are reaching priority populations, and where to eliminate existing gaps to build a more prepared, responsive workforce for Maryland's businesses.

The intention of these benchmarks is not to be punitive; but rather, to be forward thinking about what success really means in Maryland. The benchmarks will allow the WIOA partners to collectively measure success, as defined by Maryland, beyond what Congress requires. The WIOA partners are committed to using these goals and benchmarks as leadership tools to propel Maryland forward in its work to place customers at the heart of decision making.

# PERFORMANCE ACCOUNTABILITY INDICATORS

WIOA provides a historic opportunity to align performance-related definitions, streamline performance indicators, integrate reporting, and ensure comparable data collection and reporting across all six core programs, while also implementing program-specific requirements related to data collection and reporting. Maryland continues to recognize the importance of performance accountability metrics to accurately assess the WIOA system's overall effectiveness. Therefore, DLLR, DHS, DORS, and DHCD are committed to exploring the establishment of cross-cutting measures that focus on the quality of customer service for jobseekers and businesses, which could potentially supplement the WIOA measures specified by law.

Section 116 of WIOA establishes common performance accountability indicators and performance reporting requirements to assess the effectiveness of States and Local Workforce Development Areas in achieving positive outcomes for individuals served by the workforce development system's six core programs. Maryland's Temporary Assistance for Needy Families (TANF) program, administered by DHS and the Local Departments of Social Services, adheres to different performance measures, which are discussed on page 7. Maryland's Community Service Block Grant (CSBG) program, administered by DHCD and the local Community Action Agencies, additionally adheres to different performance measures, discussed on page 7.

Maryland encourages its local providers of WIOA services to use a "systems approach." Therefore, participants who would benefit from co-enrollment in multiple WIOA programs should be co-enrolled accordingly. It is important to note that, with co-enrollment, performance accountability data must be tracked on participants for each program in which they are enrolled. For example, outcomes for a participant enrolled in TANF and WIOA Title I services must be tracked for both programs.

## PRIMARY INDICATORS OF PERFORMANCE FOR CORE WIOA PROGRAMS, TRADE, & JVSG

WIOA standardizes performance requirements across core programs. The Trade Adjustment Assistance for Workers (Trade) Program and Jobs for Veterans State Grant Program (JVSG) are also held to the WIOA performance indicators.

For the WIOA Title I Adult & Dislocated Worker Programs, Title II Adult Education and Literacy programs, Title III Wagner Peyser Employment Services, Title IV Vocational Rehabilitation, the Trade Program, and the JVSG program, the primary indicators of performance are as follows:

- Employment rate 2<sup>nd</sup> quarter after exit;
- Employment rate 4<sup>th</sup> quarter after exit;
- Median earnings 2<sup>nd</sup> quarter after exit;
- Credential Attainment Rate (excludes Title III Employment Services and JVSG);
- Measurable Skills Gains (excludes Title III Employment Services and JVSG); and,
- Effectiveness in Serving Employers.

For the WIOA Title I Youth program, the primary indicators of performance are as follows:

- Youth education and employment rate 2<sup>nd</sup> quarter after exit;
- Youth education and employment rate 4<sup>th</sup> quarter after exit;
- Median earnings 2<sup>nd</sup> quarter after exit;
- Credential Attainment Rate;
- Measurable Skills Gains; and,

- Effectiveness in Serving Employers.

It is important to note that Effectiveness in Serving Employers is a measurement for the whole Maryland WIOA system and is not measured by individual program.

These programs now report participant level data, including information on individuals' services and outcomes, via a new federal platform, the WIOA State Integrated Reporting Scheme (SIRS). SIRS provides the reporting layout for core programs under WIOA.

## **TEMPORARY ASSISTANCE FOR NEEDY FAMILIES**

The U.S. Department of Health and Human Services assesses State TANF performance based on the Work Participation Rate (WPR) performance indicator. Under the WPR, States must engage TANF work eligible individuals in federally approved, "countable" work activities for a specific number of hours per week. By statute, the target WPR is 50 percent.

Maryland DHS will continue to focus on the primary federal TANF performance measure of 50 percent for WPR. However, in an effort to align with Maryland's workforce programs, DHS is committed to determining how it can also track data on TANF recipients for the first three primary indicators of performance: employment, retention, and median wages, in addition to WPR. Until that time, WPR is the only federal measure for TANF performance accountability.

## **COMMUNITY SERVICE BLOCK GRANT**

The U.S. Department of Health and Human Services (HHS) requires that Eligible Entities under the CSBG report on over 20 employment, education, and training National Performance Indicators (NPIs). Eligible Entities are the 17 Community Action Agencies in Maryland. The Maryland DHCD compiles these indicators and submits them to HHS in an Annual Report. These NPIs include both actual numbers and targets for individual and family indicators, such as the number of youth or adults who have: gained and maintained employment; increased their income; participated in education or training activities; and the number of credentials, certificates, or degrees obtained. The Annual Report also includes indicators that track community level changes, if any, including: the number of jobs created in a community; how many jobs were "living wage" jobs; and the number of affordable and accessible education assets or resources added to the community. All of these indicators are for a federal Fiscal Year.

While there are no statutory or regulatory targets, the Maryland DHCD works with local eligible entities to build their capacity, so they may increase both targets and outcomes in these and any number of the 128 NPIs identified by HHS. Eligible entities are not expected to report outcomes or targets for every indicator.

## **TRADE PROGRAM**

The Trade Program's performance reporting requirements are in transition, such that the United States Department of Labor (USDOL) currently assesses Maryland's Trade Program performance through the WIOA SIRS.

Trade performance data are made available to the public based on industry, State, and national aggregates through a search feature on the TAA website located at [www.doleta.gov/tradeact](http://www.doleta.gov/tradeact), which provides an unprecedented level of transparency on TAA participation.

## **JOBS FOR VETERANS STATE GRANT PROGRAM**

The State's Jobs for Veterans State Grant (JVSG) Program is evaluated by USDOL Veterans' Employment and Training (VETS) on a number of measures, which seek to address the experiences of eligible Veterans and spouses with significant barriers to employment. The WIOA core program indicators and reporting requirements now also apply to the JVSG program.

JVSG is held to the following performance, with the current baseline targets for as listed below:

<b>JVSG</b>	<b>PY 2018 Performance Goal</b>
Employment Rate QTR2	55%
Employment Rate QTR4	52%
Median	\$6,800
Veterans' Employment Rate QTR2 (WP)	55%
Veterans' Employment Rate QTR4 (WP)	52%
Veterans' Median (WP)	\$6,800

## **SENIOR COMMUNITY SERVICE EMPLOYMENT PROGRAM**

The Senior Community Service Employment Program (SCSEP) is evaluated by USDOL Employment and Training on a number of measures. The WIOA core program indicators and reporting requirements also apply to the SCSEP program. Additional SCSEP-specific measures from aging include:

- Percent of senior employment participants placed in jobs (26% in PY 2018 and 27% in PY 2019 in Maryland),
- Total number of senior employment program participants trained 124 in PY 2018 and 136 in PY 2019 in Maryland), and
- Total number of hours senior employment participants served local communities 65,555 in PY 2018 and 72,111 in PY 2019 in Maryland).

# PERFORMANCE GOALS FOR WIOA CORE PROGRAMS

The implementation of WIOA common performance accountability requirements has varied across titles of the core WIOA programs, including Trade and JVSG due to variations in federal agency oversight, policy guidance, and related requirements. For example, whereas DLLR negotiated Title I and Title III goals with the USDOL for most primary indicators of performance, MSDE-DORS did not negotiate any measures at all with the U.S. Department of Education, since all measures are new for that Title and “baseline” data must be collected. MSDE-DORS is not required to negotiate measures until Program Year (PY) 2020.

Baseline indicators are indicators for which the State did not need to propose an expected level of performance in the State Plan for PY 2018 or PY 2019 and, therefore, did not need to come to agreement with the federal Departments on negotiated levels of performance. Baseline indicators will not be used in the end of year performance calculations and will not be used to determine failure to achieve adjusted levels of performance.

When negotiating performance goals with the State, the USDOL used:

1. Historical data, including annual WIA performance information (PY 2007-2014) and recent quarterly performance results to support projected performance and service populations, and economic factors;
2. The statistical adjustment model;<sup>1</sup>
3. Continuous improvement;<sup>2</sup> and
4. Government Performance and Results Act goals.

USDOL Training and Employment Guidance Letter (TEGL) 10-16, Change 1, “[Performance Accountability Guidance for Workforce Innovation and Opportunity Act \(WIOA\) Title I, Title II, Title III, and Title IV Core Programs](#),” addresses the following elements, all of which are critical to reporting on primary indicators of performance for core WIOA programs:

- Methodology for calculating the six primary indicators of performance for the core programs;
- Definitions of: (1) reportable individual; (2) participant; (3) exit; and, (4) period of participation; and,
- Guidance related to the indicator of performance score calculation.

All staff are strongly encouraged to review TEGL 10-16, Change 1 to fully understand how the six WIOA common performance measures are calculated.

## PY 2018 & 2019 STATE PERFORMANCE GOALS

For PY 2018 & 2019, Maryland’s overall performance goals for the State are provided in the following chart. For Title I & III, DLLR negotiated these performance goals with the USDOL in June 2018.

---

<sup>1</sup> The regression model is based on the differences among States in actual economic conditions (including, among other factors, differences in unemployment rates and job losses or gains in particular industries); and the characteristics of participants, such as indicators of poor work history, lack of work experience, lack of educational or occupational skills attainment, dislocation from high-wage and high-benefit employment, low levels of literacy or English proficiency, disability status, homelessness, ex-offender status, and welfare dependency

<sup>2</sup> Continuous improvement may reflect an increase in the level of performance, a change in service strategy and delivery, or a change in the customers served.

<b>PY 2018 &amp; 2019 State Performance Goals for WIOA Core Programs</b>		
<b>Maryland WIOA Core Program</b>		<b>Performance Goal</b>

## **RENEGOTIATION OF GOALS FOR WIOA TITLES I & III**

Under TEGL 9-17, Local Workforce Development Areas will no longer have the opportunity to renegotiate their WIOA Title I or III performance goals mid-year or mid-plan. Any changes in economic conditions during the two-year period will be accounted for in the application of the statistical adjustment model at the end of the program year.

## **WIOA TITLE II**

The performance of each WIOA Title II Local Adult Education Service Provider must contribute to the State meeting its levels of performance that have been negotiated with the United States Department of Education. Accordingly, each grantee must improve program performance on a yearly basis.

WIOA Title II Adult Education Service Provider levels of performance are negotiated on an annual basis, except during competitive application years, where providers propose performance levels as a part of their application. During regular, non-competitive application, years the DLLR Education Program Specialists reach out to each Local Adult Education Service Provider individually in the spring to begin the re-negotiation process.
