DATE: December 6, 2011

TO: Maryland Workforce Investment Grant Recipients

SUBJECT: Local WIA Allocations for PY2011 and FY 2012

REFERENCES: WIFI No. 10-10
Training and Employment Guidance Letter (TEGL) 9-11

BACKGROUND INFORMATION:

WIFI No. 10-10 included the PY 2011 and FY 2012 local WIA formula allocations. The PY 2011 calculations were based on 5% Statewide Set-Aside funds. The FY 2012 calculations were based on 15% Statewide Set-Aside funds, pending final guidance from DOL regarding the calculation of the FY 2012 Statewide Set-Aside funds.

TEGL 9-11 clarified that the FY 2012 Statewide Set-Aside funds are 5% of the State Allotment.

TEGL 9-11 also included a 1.503% rescission of the FY 2012 Adult and Dislocated Worker State Allotment, due to the Short-Term Continuing Appropriations Acts, 2012.

The decrease of Adult funding is -\$132,611.

The decrease of Dislocated Worker funding is -\$173,840.

The local FY 2012 Adult and Dislocated Worker allocations were revised to reflect these changes.

The revised FY 2012 allocations are listed below.

Up to 10% of the allocation can be used for administrative expenditures.
